

NW Natural[®]
CERTIFIED

NW Natural is pleased to refer you to **Advanced Heating and Air Conditioning, Inc.**, one of our NW Natural Certified Contractors.

We take it seriously when we let another company use our name. So before our contractors become certified, they must pass a rigorous screening process to ensure they deliver high quality workmanship and exceptional customer service, the kind of service NW Natural customers have come to expect.

Our NW Natural Certified Contractors Promise to:

- respond to your call within one business day
- maintain a high level of satisfaction among customers we refer to them
- inform you of any rebates, tax credits or other available incentives and help you with the paperwork
- provide a minimum one-year parts and labor warranty

Ask your contractor for a brochure with a complete list of requirements for NW Natural's Certified Contractor program or go to our website – nwnaturaloffers.com and click on Find a Dealer.

About Advanced Heating and Air Conditioning

Since 1994, Advanced Heating and Air Conditioning has been helping Portland customers install and maintain quality heating and water-heating equipment at affordable prices.

The company is committed to making the installation process as simple as possible for homeowners and keeping your appliances in top shape – from an office staff knowledgeable about permitting and finance options to a 24-hour service team. Advanced Heating and Air Conditioning staff is ready to help you find the best system to keep you comfortable in your home year round.
